## SETTLEMENT OF COAL STRIKE IN SIGHT; ALL OFFICIALS OPTIMISTIC

(CLEVELAND, Aug. 8.—(By the Associated Press).—With a definite program for ending the soft coal strike ready for consideration tomorrow, the joint conference of the leaders of the striking union miners and coal operators today marked time awaiting the expected arrival of other operators, especially those of Illinois and Indiana. In addition, operators were expected from several other states scattered over the soft coal fields, for the program contemplated a settlement on substantially a national basis.

President John L. Lewis, of the miners, as also leaders among the operators here, were optimistic regarding the probability of a settlement.

In brief, the program for settlement called for re-establishment of the wage contracts that expired last March 31, and also the creation of an advisory commission of inquiry, through whose influence it was expected that disputes would be settled without strikes. The re-established wage contracts would continue in force until next April 1, and meanwhile the commission would draft recommendations for future contracts. The "check-off" system of operators collecting union dues would remain through the re-establishment of the old contract and there would be no change of working conditions.

It was expected that the Indiana delegation here tomorrow would include A. M. Ogle, president of the National Coal Association. Additional representation from western Pennsylvania also was expected and it was said that some Iowa, Missouri, Wyoming and other operators were already on their way to this city.

Members of the conference were sworn to secrecy upon recessing yesterday on account of leaders being fearful that announcement of the definite plan for settlement might lead to complications, resulting in non-attendance of operators now absent.

The conference was called primarily to cover only the old central competitive field, comprising Illinois, Indiana, Ohio and western

### Heavy Vote In Arkansas

(LITTLE ROCK, ARK., Aug. 8.—(By the Associated Press).—Democratic voters of Arkansas today selected their nominees in seven congressional districts and for state and county offices. Indications pointed to an unusually heavy vote, despite unfavorable weather conditions in some places.

The campaign, which continued to the last moment, was one of the most active waged in the state in years, particularly the gubernatorial race between Governor McRae and Judge E. L. Toney, of Lake Village. Governor McRae has stood on his record and advocated strict enforcement of all laws, including those governing Sabbath observance. Judge Toney has attacked the governor's record, particularly in connection with handling of pardon and parole authority.

In the races for state offices, the Ku Klux Klan was brought prominently to the front. In a number of counties the Klan endorsement was openly given to some candidates and in a few instances entire Klan tickets were placed in the field.

In only three congressional districts have campaigns been carried on. In the second W. A. Hodges is seeking the nomination against W. A. Oldfield, Democratic "whip." National issues have not figured largely in the congressional campaigns, the prohibition issue has not entered into any of these races, all candidates being in favor of strict enforcement of liquor laws, according to their own announcements.

### HARDING WANTS FULL ATTENDANCE OF CONGRESS

(WASHINGTON, Aug. 8.—President Harding was understood today to have informed Representative Mondell, of Wyoming, and other house leaders that in view of the troubled industrial situation it was desirable that there be a full attendance of members next Tuesday when the house reconvenes after a six weeks adjournment.

The president, it was learned from house leaders, was said to feel that the house should be prepared to enact such legislation as the industrial situation, particularly the railroad strike might make necessary. None of the leaders so far as could be learned had been informed as to whether the president had any specific legislation in mind and if he had what was its nature.

(CLEVELAND, Aug. 8.—(By the Associated Press).—Warren S. Stone, president of the Brotherhood of the Locomotive Engineers, this morning telegraphed sixteen chiefs of railroad brotherhoods asking them to attend a conference in Washington next Friday to consider the railroad situation throughout the country and "avert the impending calamity of a collapse in transportation."

President Stone's action was taken following receipt of a telegram this morning from Bert M. Jewell, head of the shop crafts unions, William H. Johnson, president of the International Association of Machinists, and J. F. Noonan, president of the Brotherhood of Electrical Workers, asking him to call such a meeting.

"I called the brotherhood chiefs together as requested," Mr. Stone said, "but I do not know just what action will be taken."

### Strike Of Telegraphers On Big Four Threatened

(CINCINNATI, O., Aug. 8.—(By the Associated Press).—Following the announcement that a strike ballot was being spread, a strike of telegraphers on the Big Four railroad was said by members of the Order of Railway Telegraphers in the Cincinnati terminal to be a possibility, "within a few days."

It was said the main cause for promulgating the strike ballot was the failure of a recent conference with the management regarding what is known as the "split ticket."

E. M. Costin, general manager of the Big Four, stated there are 1,100 men in the group that is taking the strike vote.

(WASHINGTON, Aug. 8.—(By the Associated Press).—President Harding's second proposal for immediate termination of the railway shop crafts strike awaited today formal action by both sides in the controversy, but rejection by the unions was foreshadowed in statements by their leaders here.

Chief executives of the shop crafts were called to meet here Wednesday to consider the president's proposal that the seniority issue be left to the railroad labor board for determination. At the same time, however, the shop crafts leaders also sought a general conference next Friday with "all executives of railroad labor organizations."

R. M. Jewell, as spokesman for the trio of shop craft leaders, who conferred with the president yesterday, said it was not expected "that strike action will be suggested at the general conference," which also will meet here. The conference was planned after consultation with the legislative agents of the brotherhoods.

### Primary In Alabama

(BIRMINGHAM, ALA., Aug. 8.—(By the Associated Press).—Possibility of more than 52,000 women voting in the Democratic primary in Alabama today cast uncertainty on outcome of the balloting. The entire campaign was marked by general apathy until yesterday when an attack by the retiring governor, Thomas E. Kilmer, on B. H. Cooper and S. P. Gallard, candidates for re-nomination for public service commissioners, injected some last minute interest into the election.

The Alabama Power Company entered into the affair when the governor charged that the company was trying to re-elect the commissioners. The latter countered by charging the governor with being the "arch enemy of Henry Ford," and the "foremost supporter of the Alabama Power Company in its efforts to defeat" the Ford proposal concerning Muscle Shoals.

W. W. Brandon, candidate for the nomination for governor, expressed confidence, and Bibb Graves, his opponent, seemed likewise confident. Political observers forecast a close race. A heavy vote is expected.

### Child Lost In Woods Found

(OLD FORGE, N. Y., Aug. 8.—Virginia Stone, aged 11, of Columbus, Ohio, for whom scores of men were searching the Adirondacks today, was found about noon, near inlet, three miles from the place where she entered the woods. ### Tong Chief Is Killed In New York's Chinatown

(NEW YORK, Aug. 8.—(By the Associated Press).—The Chinatown today seethed with rumors and sudden periods of panic among its Oriental population, while the body of Ko Low, national president of the Hip Sing Tong, lay in state in the Tong's headquarters in Pell street.

Ko Low died early today, after Chinese gunmen toppled him into the gutter with a bullet in his back as he left a Chinese restaurant within the bounds of Hip Sing territory, across from his home.

The police, who flooded the quarter, sent reports that Ko Low's murder means a re-opening of the wars of the past that swept Chinatown.

Hip Sing officials sat with faces as expressionless as those of waxen images, in their lodge rooms. They said little, but thought much, while their men combed the city seeking the identity of their high chief's slayers.

"We do not know what it is about," said Lee Yee Hing, state president of the Hip Sing Tong. "When we find out who the killers are, then we will know how to act and what to do."

To seek some light on the murder, the district attorney's office questioned at length Kitty Raviante, one of two young American women, who had attended a dinner party with Ko Low and two other Chinese, just before the slaying. The other woman, May Malsenden, is in a hospital with a wound in the foot, received in the attack.

Kitty Raviante, detectives learned, is a widow, who formerly worked at the telephone exchange at Hotel Astor. Her home is in Madeira, Pa. The other is the wife of a railroad employe, whose home was said to be in Washington. The two women lived together.

While the district attorney's office was busy seeking a rent in the veil of Oriental mystery, officers of the Hip Sing Tong were making ready the funeral splendor, due the international president of one of the strongest Tong, the "Hip Sings."

In the low ceilinged room, from which the arrangements were being made, there hung on the wall, in the midst of queer Oriental placards, scrawled with black characters, two photographs, cabinet size. One was of Jack Dempsey and the other of Babe Ruth.

### Women Appear To Be Taking Very Little Interest In The Primary Fight

(COLUMBUS, O., Aug. 8.—(By the Associated Press).—Ohio voters today are waging a battle of ballots that will determine whether the state, so far as the Republican party is concerned, shall swing into the progressive column or remain conservative, as it decided by a Harding landslide two years ago; whether it will continue to stand for strict prohibition enforcement or advocate an alteration of the Volstead act that will permit the sale of light wines and beer.

Early voting was greatly retarded by weather conditions, a drizzling rain falling over practically the entire state. Early reports received by the Associated Press from every section of the state in all but a few instances, indicated a light vote being polled. Few women up to 10 o'clock had braved the rain to register their choices. Election officials, however, expected a heavier vote in the afternoon, particularly if the skies cleared, which was the indication before noon.

The rain, however, was expected to result in heavier rural vote than otherwise might have been polled. Hay harvest generally is under way in most parts of the state and, unable to work in fields, the farmers were expected to go to the polls. Candidates counting on the rural vote to make them victors were jubilant at the prospects.

Toledo alone of the large cities reported a heavy early vote. Cleveland, though reporting a light early vote, said the voting was increasing as the rain ceased and that election officials expected the vote by night to be heavy. Columbus, Cincinnati, Dayton, Canton, Youngstown, Lorain, Springfield, Steubenville, Hamilton and Lima all reported a light early vote.

Many Issues Both issues are being fought out in the campaign for governor. Nomination of Carl A. Thompson, of Cleveland, would decide in favor of prohibition and the national administration. Success of Congressman C. L. Knight, of Akron, or Daniel W. Williams, Jackson publisher, would mark victory for the progressives. A victory by C. Homer Durand, Coshocton, attorney, would be a repudiation of the Volstead act and an endorsement of restoration of light wine and beer.

Wet And Dry Issue Nomination of Harry C. Smith, of Zanesville, present secretary of state, would also be a rout for both the administration forces and the Anti-Saloon League. Smith drew the opposition of the administration forces early in 1920 when as the state's chief election officer, he refused to limit the Harding candidates for delegate to the national convention to those having the approval of the presidential candidate. He has been classed as a "wet" by the dry organization, which urged its following to support other candidates, preferably Thompson on the ground that he was the strongest. Smith, however, is expected to draw many votes from among the dry element. He has advocated strict law enforcement.

Labor Much Interested Defeat of either Senator Alton Pomerene for re-nomination on the Democratic ticket, or of Congressman S. D. Fess on the Republican ticket, would mean a victory for organized labor, which has cast its lot with former Congressman John J. Tantz, of Columbus, against Senator Pomerene, and with former Senator Charles Dick, of Akron, against Congressman Fess.

Wet Amendment Fiasco The prohibition issue became even more intense on the eve of the balloting by the filing of a proposed constitutional amendment with the secretary of state, calling for restoration of light wine and beer. Sponsors of the proposed amendment claimed that 230,022 signatures, many of those of women, were attached to the petition. The amendment, unless it is ruled off the ballot by the courts, will be voted upon at the November election.

Trying Comebacks None of the predominant issues, progressiveism, prohibition or labor, have entered extensively into the congressional races. All of the incumbents, except Knight in the 14th and Fess in the 7th, who are candidates for governor and senator, respectively, are seeking re-nomination. In most instances they have opposition, but the opposition is either personal or based on local conditions. Most of the incumbents are expected by political leaders to be re-nominated. On the Democratic ticket, in predominant Democratic districts, congressmen defeated two years ago in the Harding landslide are trying a comeback.

No Clean-Cut Issues For Democrats The Democratic contest for governor has failed to bring out clear-cut issues among the three candidates, former State Auditor A. V. Donahy, of New Philadelphia, who was the nominee of 1920, former State

Supreme Court Justice James G. Johnson, of Springfield, and Thomas J. Duffy, of East Liverpool, chairman of the state industrial commission. Both Donahy and Johnson have received endorsements from a number of county organizations, Johnson's including the strong Cuyahoga county (Cleveland) organization. Duffy, a Catholic, is expected to receive considerable support from members of that church, though religion has not been made an issue by his opponents. Duffy also is expected to receive a heavy labor vote. The contest is expected to be close.

Many Other Candidates Other candidates seeking the Republican gubernatorial nomination are Rupert Beetham, of Cadiz, speaker of the state house of representatives, who has advocated strict prohibition enforcement; State Senator Arthur H. Day, of Cleveland, a world war veteran; J. W. Durrell, of Columbus, a light wine and beer advocate, and Harry C. Smith, Cleveland negro publisher.

Big Vote Expected There are a total of 69 candidates on both tickets for state offices, some of the minor offices having more than a dozen candidates. Besides there are numerous congressional candidates as well as complete county tickets. The polls opened at 5:30 a. m., central standard time, and will close at 5:30 p. m., central standard time. Because of the large ballot, definite returns are expected to be late.

Texas G. O. P. In Convention FORT WORTH, TEXAS, Aug. 8.—(By the Associated Press).—Nomination of a complete ticket including candidates for United States senator and governor and adoption of a state platform was the task confronting the Republican state convention here today.

Overshadowing all in interest was the nomination which probably will be delayed until tomorrow of a candidate for senator. Upon the choice will depend much of the party's success in Texas, leaders believed, hope being for a nominee capable not only of commanding all the Republican vote, but one that might make serious inroads into the Democratic ballot.

Seven men were named as probabilities. They are John Kirby, Houston; R. B. Cramer, Brownsville; H. Atwell, Dallas; C. C. Littleton, Fort Worth; Frank Kell, Wichita Falls; E. C. Kingsburg, Fort Worth, and Major George C. Butler, Austin.

## LIGHT VOTE BEING CAST

Up to 2:30 this afternoon only a light vote, a really surprisingly light vote was being polled at the primaries. In various precincts, where it was believed that a reasonably heavy vote would be cast, the vote to the contrary was very light.

In Precinct B of the Second Ward at 2:30 68 Republicans had voted and 14 Democrats. The normal vote is 428.

In Precinct H of the First, at two o'clock, it was estimated that about 75 had cast their ballots, while the registration in that precinct was close to 300. The Republican vote in that precinct was reported to be about four times over that of the Democratic.

### Strikers Guilty Of Contempt; Fined Costs

Relative to C. and O. contempt proceedings heard in the U. S. District court in Cincinnati, Ky., Monday the Cincinnati Enquirer Tuesday said: Following the hearing of testimony in a special session of United States District Court at Covington, Ky., in the case of the Government against Pullman C. Carr, Estill Keller, William Morrison, George Devout, Edward Barben, George Devout, striking employees of the Chesapeake and Ohio Railroad shops at Ashland, and Greenup, Ky., Judge A. M. J. Cochran yesterday made an order holding the defendants to have been guilty of contempt of Court and assessed a fine against them in a sum equal to the cost of prosecution.

The men were accused of having violated a restraining order issued July 19, last, which prohibited interference with employees of the railroad company in the Eastern District of Kentucky. They were said to have sought to influence non-union employees who were brought to Clydeside, a suburb of Ashland, by the railroad company July 26, to leave their work.

Before the hearing was begun J. P. Reed, John Huber of Ashland and J. N. Sanders of Portsmouth who were cited to Court on the same charge, requested that the facts of the case with references to them be heard by a jury. Judge Cochran continued their cases until the October term of the Federal court.

Telephone lines were down at the scene of the shooting and it was not until 2:45 this afternoon that The Times learned that while a persistent rumor to this effect was current, there was no truth attached to it, other than an argument had ensued there, but no one was killed or wounded.

Mrs. L. P. Haldeman and daughter, Miss Helen Haldeman, of Gallia street are visiting relatives in Cleveland.

WASHINGTON, August 8.—(By the Associated Press)—Prospective production of corn this year in the United States is estimated at 1,250,000,000 bushels as a result of growing conditions during July. Wheat production is forecast at 12,000,000 bushels less than a month ago.

### Tracks Delay Coal Shipping

STAUNTON, Ind., Aug. 8.—Shipping of coal from the two mines opened here under state supervision to supply fuel to state institutions and essential industries was delayed today because of the condition of railroad tracks leading to the mines. Train crews refused to run their trains over the switches leading to the mines, declaring the tracks were unsafe.

Forecast today by the department of agriculture placed the corn crop at 3,017,000,000 bushels and the wheat crop at 805,000,000 bushels.

A force of men was put to work on the tracks early this morning and while the work is progressing rapidly it will probably be impossible to load cars today.

Twenty-five men were added to the force now at work in the mines, bringing the total number of men employed in the digging of coal here to 75. Twenty more men are due to arrive from Indianapolis today.

### An Interesting And Unsolicited Letter From A Patient Who Was Brought 85 Miles On A Stretcher To Secure Chiropractic Adjustments From W. H. Spring, D. C.

I had not been well for three years. Attending physicians said "heart trouble." Was finally confined to my bed with instructions not to sit up in bed, but that my head might be raised to take nourishment. The attending physician said I must remain in bed six months at least. I could see that little hope was entertained for my life. I wanted so much to live for my little girl, but felt as if I had been condemned to death.

I then heard of Dr. Spring. My sister's husband—now deputy treasurer of this County—knew Dr. Spring and arranged for him to come and see me. Dr. Spring said that there was trouble in my spine at "heart place," and that within sixty days, under proper chiropractic adjustment, I would probably be well. Five days later I was removed to Columbus, O., and placed under the care of Dr. Spring. On the fourth day I sat up in a chair. On the 7th day I walked to the bath room. On the fourteenth day I went down stairs, and before thirty days had expired I had no sign of heart trouble. I am now well and healthy, also grateful and happy.

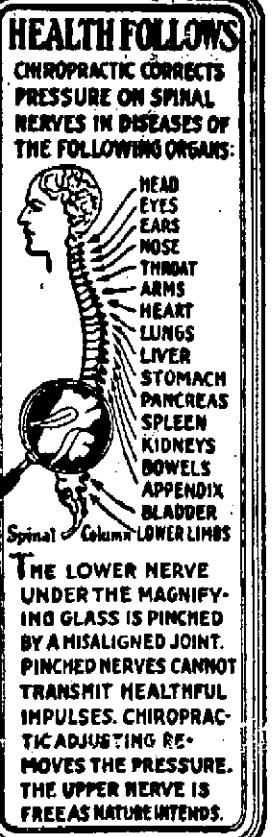

### Interested In What She Saw

While my own case is interesting, especially to me, what I saw—was little short of marvellous. The results secured by Dr. Spring would sound almost like fairy tales, although they were indeed real. Was thrown in constant contact for some weeks with patients who came to him for adjustments. Have seen eyesight restored, deafness cured and crotches removed by simple adjustments. Rheumatism, influenza, Neuritis, Appendicitis, Stomach, Bowel and other troubles seemed to melt away like fog before morning sunlight. I never saw one dissatisfied patient, and I came in contact with scores. Oh that the ignorance, which restrains by prejudice, might be wiped away and that all who are afflicted might know of Chiropractic.

Sincerely,

Cambridge, Ohio, April 26th, 1922.

MRS. J. P. CULBERTSON.

The hearing indicated that both parties possess violent tempers which caused most of their troubles and resulted in frequent separations, the last time less than a week ago.

The wife told the court that Adkins frequently assaulted and beat her and that he associated with other women. The defendant accused the plaintiff of constantly nagging him and blamed their difficulties on her conduct toward him. They were married in 1919.

## Unlawful To Kill Doves, Says Baxter

COLUMBIA, Aug. 8.—It will be unlawful to kill doves in Ohio this year, according to word given out today by A. C. Baxter, chief of the Division of Fish and Game, in spite of the fact that the federal law classifies the dove as a game bird, and opens the season from September 1st to December

15th. Baxter calls attention to the fact that Regulation 11 of the Migratory Bird Treaty Act, provides that the federal laws do not permit the taking of migratory birds, when state laws are enacted to give additional protection. Section 1403 of the Ohio laws under which turtle or mourning doves are classed as non-game birds can not be construed to permit the shooting of doves.

It is also announced that under the

federal law it will be unlawful to shoot wood ducks and the federal authorities will enforce this provision as wood ducks are in danger of extermination in many parts of the country. Section 1403 of the Ohio laws says that wood ducks shall not be taken before September 10, 1922, but also provides that they may be taken and possessed only during such season as permitted by federal regulations.

Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help at This Period

Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a prolapsed uterus which confined me to my bed and was only able to be up part of the time when I was advised by a friend, Mrs. J. E. Pinkham, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."—Mrs. EDNA COLVER, 706 E. 7th St., Metropolis, Illinois.

### Class And High Standard of State Fair Maintained Despite The Fire

The following letter from the publicity director of the Ohio State Fair explains the exact damage caused at fair grounds at the recent fire and all other buildings which have been show will in no way be impaired due to the loss of several buildings:

Editor The Times,  
Dear Sir:

Many widely divergent reports have been circulated concerning the recent fire on the State Fair Grounds. We are writing to you to give you a clear and comprehensive idea of what this fire will mean to the coming State Fair.

The buildings destroyed were all in the Administrative Group, which is composed of the Horticultural, Agricultural, Manufacturers', Columbus and East and West Central Buildings. The Livestock Buildings, the Coliseum, Grandstand, Woman's Building and all other buildings which have been considered most necessary were not affected in any way. The loss of the above named buildings means that the following exhibits are affected: Chamber of Commerce, Flowers, School Gardens, a few State Exhibits and other minor exhibits.

Our plans are, to house part of these in the Woman's building which is at present not crowded, to move the Administrative offices in the Club House, to clear away the debris and to cover the remaining exhibits with a mammoth circus tent.

The Ohio State Fair leads the country this year in premiums. We need your support in driving home to the public the fact that our loss through fire will absolutely not affect the class and high standard of our coming Exposition. We have always based our publicity solely on truth, and you have our word for the fact that people in your locality will not find a show below our customary standard on the Columbus grounds August 28 to September 2.

Sincerely yours,  
WM. D. GRIFFITH,  
Publicity Manager.  
P. S.—BOOST the Ohio State Fair.

ONE thing you'll notice right away you begin to talk to the dealer who shows the Blue Diamond.

You'll hear a note of assurance in all he says about shaving. No "ifs," "buts," or signs of mental reservation. He has the instrument to demonstrate everything he says—the New Improved Gillette.

A razor and shaving service far in advance of anything you have ever known.

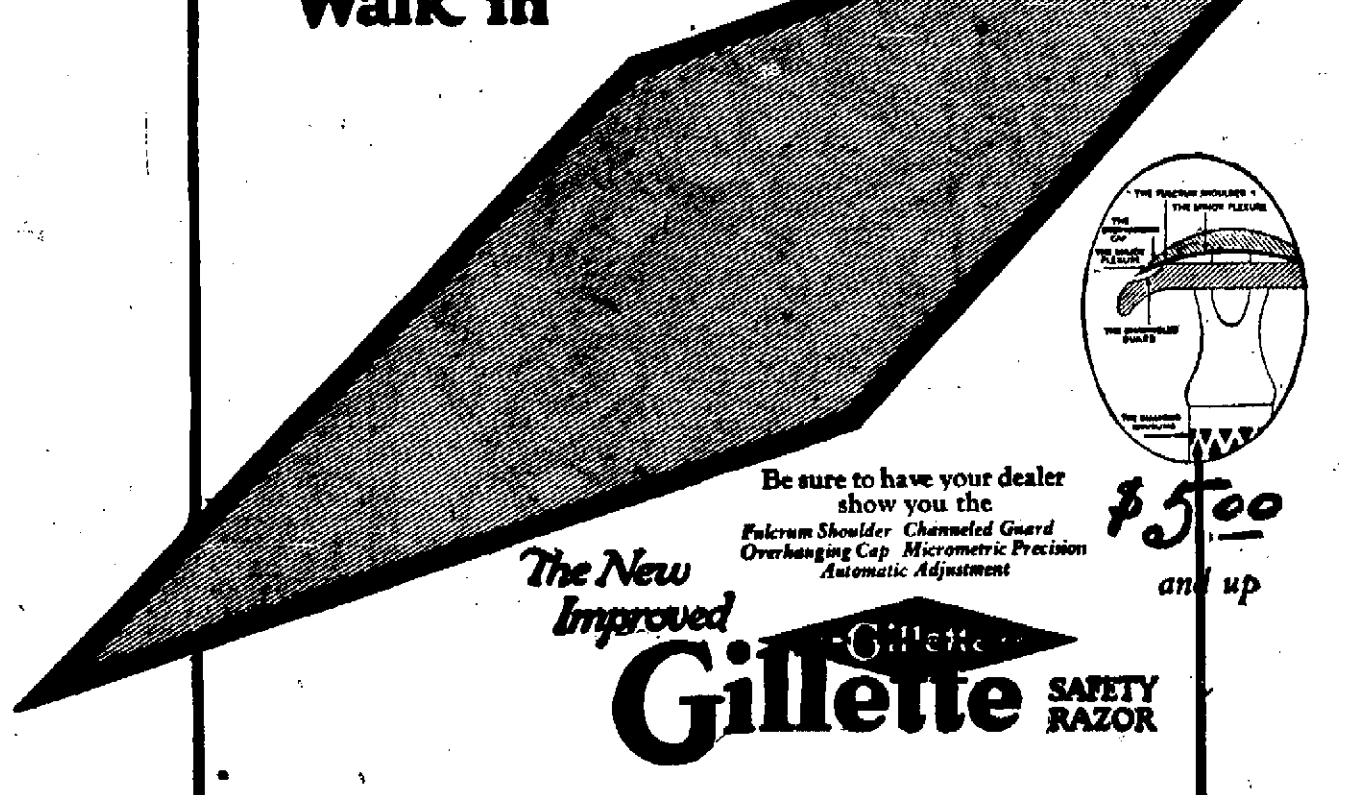

Now—a suggestion:

Bring your old razor with you when you visit the Blue Diamond Store.

These points of superiority about the New Improved Gillette are best appreciated by comparison.

You will know then why the dealer with service ideals is glad of the opportunity to show the Blue Diamond in his window.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

DEAR DOLLY—I am going with two boys—one is 20 and the other 24. I like the one 24 but he doesn't care anything for me. The one 20 likes me and I don't care much about him. Which one would you advise me to go with?

JACKSON READER  
Since you are too young to get married you might as well go with both as long as you can manage them. The one 24 must like you a teeny-weeny bit or he would not go with you.

DEAR DOLLY—How may one dry clean one's hair?

PEG.  
You could wash it in gasoline, coal oil, corn meal or talcum. If possible I would advise a regular shampoo.

DEAR MISS WISE—My husband and I are planning a trip to Logansport, Ind., and I want you

**BITES-STINGS**

to tell me how much it will cost us from South Portsmouth, also from Cincinnati.

MRS. C. M.  
Call the C. & O. and N. & W. ticket offices for information about train fare, etc.

DEAR DOLLY—A few evenings ago you gave a recipe for spiced peaches. I have misplaced it: will you kindly print same in tonight's Times, also recipe to spice white grapes to keep them whole, or any other good recipe to put up white grapes.

DAILY READER  
Pickled Peaches—Put five pounds of sugar to a pint of vinegar, add one-tablespoon of cloves and two sticks of cinnamon. Into preserving kettle and boil 12 minutes. Weigh seven pounds of clingstone peaches. Peel one at a time as you will fill one can, drop the peeled peaches into the hot syrup and cook until tender but firm. Do not boil until they lose their shape. Take peaches out of syrup and put them into cans or jars that are set in hot water. Proceed until all are cooked, then cook syrup down for ten minutes and pour over the peaches. Screw on covers and set away in a cool place.

Sweet Grape Pickle—To seven pounds of grapes allow four pounds of sugar and one quart of vinegar. Tie spices in a thin bag and cook with the syrup. Pour the latter when thick and boiling on the grapes. Remove, reheat and pour over again. Repeat for two successive days.

DEAR DOLLY—What color would a myrtle green pure wool cassimere suit color best? Will it color navy blue or a dark brown?

AGNES H.  
It would color dark brown but I'm not sure about blue. Any goods will color a shade darker, but you can't make it lighter.

DEAR MISS WISE—I am a girl of 27, and have kept company for a year with a man two years my senior. We were engaged to be married, and he bought me an engagement ring and we had decided upon the wedding ring, but we quit before the time came to get married. In a few weeks he came back and said he was sorry for what happened and I took him back. He calls on me three times a week and he has never missed a date. Now he has taken a job in another city. I think a great deal of him, but I go with other boys while he is away, but he doesn't know it. He says he doesn't go with any other girls. Do you really think he loves me and would it be all right to marry him?

WORRIED GIRL  
Yes, I think the man likes you. Do not go with other young men secretly. If you care for your fiancé's love and respect, you should be true to him. I cannot see why you should not marry him if you love him and he is able to support a wife.

DEAR DOLLY—Do you know if there are any vacancies for primary teachers in the Portsmouth or

Scioto County schools?  
V. D.  
Call Supt. Frank Appel at the Portsmouth High School or County Supt. E. O. McGowan in the Turkey Building for this information.

ONE WHO HAS ALWAYS CARRIED A UNION CARD—I would rather you would decide this question for yourself. If you feel that you are doing the right thing, you have no cause to worry; if not you let your conscience be your guide.

Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone. Mix fresh as wanted.

### Adventures of The Twins

BY OLIVE ROBERTS BARTON

SOMETHING dreadful happened. The Chocolate Rooster had fallen into the lake on the Tinkly-Winkle Star and was half melted before the Twins rescued him. Suddenly Nancy saw a fire on shore.

"We'll take you there and dry you poor dear," she said kindly, "and then we can go on. We simply must find Flap-Doodle, the wicked fairy who has caused all this trouble with the wand he stole from the Fairy Queen."

The fire was high and hot, but nobody was around tending to it. Not a Tinkly-Winkler was in sight.

"Maybe it's a magic fire," said Nick. "Maybe Flap-Doodle is sorry he changed you into chocolate, and he's caused this fire to dry you out."

The Twins were so busy looking around to see if Flap-Doodle was near that they had not noticed what had happened.

Suddenly their eyes met a dreadful sight. The Chocolate Rooster had disappeared completely and in his place was nothing but a little pool of melted chocolate.

Just then the fire, too, disappeared. "Oh!" cried Nancy. "It's all magic! That awful Flap-Doodle is using his stolen wand. He's melted his best friend."

### Dairyman Must Explain To Board

Board of Health in session yesterday afternoon adopted a resolution declaring a dairy and cow barn situated on Kenyon street a nuisance and a detriment to health and ordered the owner, Nick Aigros, to appear before the board at its next meeting and show cause why the nuisance should not be abated. This action followed on the heels of a petition signed by A. J. Daniels and 37 other persons living in the neighborhood protesting against the alleged bad odors arising from unsanitary conditions existing about the barn and urging that some action be taken.

Reportable diseases—typhoid 2, tuberculosis 1, venereal diseases 25. Sixty-nine examinations were made for children of school age going to work; one dog head was sent to

Columbus for examination, result negative; 18 nuisances were investigated and four confectionery stores and 15 groceries were inspected.

### Otway Beats Rarden Champs

The Otway Black Sox again won the Rarden Champs Monday in a hot combat, taking the second game of the five game series by shelling the offerings of Syracuse in the first three rounds when the winners put over five scores. Weaver, southpaw, then went to the hill, and was effective the rest of the way, allowing but two hits and the one tally scored while he was pitching, which was due to a wild throw. The final score was 6 to 5.

The third game of the series will be played at Otway next Saturday and on Sunday the Champs will invade Lucasville for a battle with the Valley township warriors.

Smarter under the two defeats in as many days the Champs reorganized last night after their second calamity when Albert Burling resigned as manager and Carl Clark was elected pilot. The new manager

### Constipation Causes Serious Ills

If you are its victim, try strengthening your digestive and eliminative organs with Nature's Remedy—it's better than laxatives.

### NR Today—Keeps the Doctor Away

One of the world's greatest scientists says that more than 80% of all human ills can be traced directly or indirectly to constipation. How many sufferers realize this? Most of them continually dose themselves with so-called laxative pills, cathartics, oil, purges and cathartics, and force bowel action. To do that is a mistake. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin fight today to overcome your constipation? Get your system in such shape that constant dosing will be unnecessary? You can do so if you get a box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant, easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleansing out.

## EXCELSIOR TEAM ROMPS OVER VULCAN LAST GANG, 5 TO 3; WINNERS ARE IN SECOND PLACE

A Swell Game

**GAMES THIS WEEK**  
Tuesday, August 8—No game; election day.  
Wednesday, August 9—Central Labor vs Excelsior.  
Thursday, August 10—Excelsior vs X & W.  
Friday, August 11—Central Labor vs X & W.

The Excelsior warriors continued on their winning stride at the North End arena last evening and chalked up a handsome victory over the Vulcan Last gang, 5 to 3, winners are in second place.

Mr. Abner Rollins on the hill for the losers, at opportune moments during the first four rounds when the shemakers collected 20 their markers. The final score was 5 to 3 and incidentally the win sent the Barber clan a rung higher up in the league standing, while the defeat pulled the Vulcan crown down to third place.

The second players hoped, onto Rollins at the outset and put over a couple of markers in quick order and then annexed one counter in each of the three succeeding sessions when Rollins retired and "Doc" Baughman finished it out in style, although the enemy threatened in the sixth frame when they filled the bases with none down and then the eminent southpaw bore down and got the next three batters, fanning the first two and forcing the enemy one to put up a puny fly.

Walter Greene, the crack right-handed richlander, pitched a clever game and was quite effective most of the way. He was only in trouble on a couple of occasions and with a little cleaner support would have held the Vulcans to practically nothing.

A feature of the combat was the heavy shelling of Valodin who whaled three hits, two of which were screaming triples and he was the only one of his team who hit Greene's fly. Greene also surprised the populace by driving out a home run.

Here's how it was rolled off:

**FIRST INNING**  
Meyers dropped Stewart's fly and the batter took second. Keyser misjudged Weber's fly. Stewart scoring and Weber going to second. Doherty singled to left, Weber scoring. Doherty took second on the throw home. Barber was tossed out by Hopkins. Walter Greene, the crack right-handed richlander, pitched a clever game and was quite effective most of the way. He was only in trouble on a couple of occasions and with a little cleaner support would have held the Vulcans to practically nothing.

**SECOND INNING**  
Lowry rolled Shultz. Martin looped to Keyser. Cunningham was saved when Valodin dropped his foul and then drove a home run to deep center. Greene rolled to Shultz. One run, one hit, one error.

**THIRD INNING**  
Stewart singled to left and stole. Weber tied to Valodin. Doherty's ray was turned into an out when Valodin nailed Stewart. Barber singled to center. Doherty scoring, but Barber was nailed at second on the throw in. One run, two hits, no errors.

**FOURTH INNING**  
Hopkins flied to left. Shultz rolled to Doherty. Valodin singled through Doherty. Keyser forced Valodin at second. No runs, one hit, no errors.

**FIFTH INNING**  
Hensgen was retired by Shultz on a wonderful play. Lowry tripped to right. Martin rolled to Hopkins. Lowry scoring. Cunningham singled too hot for Hopkins. Greene forced Cunningham at second.

**SIXTH INNING**  
Rollins popped to Greene. Meyers flied to Lowry in right. Goode was hit with a pitched ball. Baughman singled to right. Staten flied to Lowry. No runs, no hits, no errors.

**SEVENTH INNING**  
Baughman went on the mound for the last time. Rollins going to left.

**EIGHTH INNING**  
Staten flied to left. Shultz rolled to Doherty. Valodin singled through Doherty. Keyser forced Valodin at second. No runs, one hit, no errors.

**NINTH INNING**  
Hensgen was retired by Shultz on a wonderful play. Lowry tripped to right. Martin rolled to Hopkins. Lowry scoring. Cunningham singled too hot for Hopkins. Greene forced Cunningham at second.

**TENTH INNING**  
Rollins popped to Greene. Meyers flied to Lowry in right. Goode was hit with a pitched ball. Baughman singled to right. Staten flied to Lowry. No runs, no hits, no errors.

**ELEVENTH INNING**  
Baughman went on the mound for the last time. Rollins going to left.

**Twelfth Inning**  
Staten flied to left. Shultz rolled to Doherty. Valodin singled through Doherty. Keyser forced Valodin at second. No runs, one hit, no errors.

**Thirteenth Inning**  
Hensgen was retired by Shultz on a wonderful play. Lowry tripped to right. Martin rolled to Hopkins. Lowry scoring. Cunningham singled too hot for Hopkins. Greene forced Cunningham at second.

## INTOLERANCE

RECENTLY a widely known clergyman in New York from his pulpit mentioned by name several leaders in his branch of the Christian faith and denounced them as infidels. Now, another refers to some of his brethren as "baboon chasers." The only ground for these uncharitable remarks lies in that the men thus held up to scorn hold views on some subjects somewhat at variance with the opinions of those who direct the darts.

It is bad policy to try to convince a man by abusing him or reflecting on his intelligence, for that method never wins. Besides that, men of the cloth set a bad example to the laity in indulging in such discourteous language. It is un-Christian, too. If the men thus referred to are infidels or baboon chasers there would be more likelihood of reclaiming them to the true faith by reasoning with them in good humor, than by abusing them. However, the latter may feel that they are but exercising their rights in holding whatever beliefs they have. And if they are sincere certainly it is not the business of anyone else to judge them.

We are not concerned whether one is right or the other wrong—it is the intolerance that is shown that is important. If one feels sure he has the right view that should justify him individually, and he should permit another who holds diverse views in equal sincerity the right of personal opinion. In short, because some of us believe one thing and others another is no valid ground for calling names. These men who have used such discourteous language are Christian ministers yet their course seems at variance with their profession.

## New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, August 8.—For twenty years he has traveled the trans-Atlantic liners, a debonaire figure in the salons and on the promenade decks. He has the air of the successful man off on a pleasure jaunt and the passengers see in him a seasoned voyager worth cultivating.

His mystique is closely cropped and his clothes show the finished art of the expensive tailor. He is the most successful of the sea wolves—those intrepid adventurers who skillfully jockey passengers in the card rooms into playing for high stakes and winning their all.

He is usually accompanied by a young and beautiful girl, listed as his "daughter," but who in reality is his "moll." The ocean shark's "moll" is representative of the lightest type of feminine crook. She must be accomplished and bear all the marks of refinement.

It is the "moll's" only duty to take away by her very presence any stigma of crookedness. She never plays, neither does she encourage others to play. She is a setting—a prop. And she is devoted to her wonderful dad.

Through a friend the other day I talked to the celebrated Sea Wolf. For six months he has been unable to get passports. Scotland Yard has marked him. He is persona non grata on almost every vessel that floats the Atlantic. He recomended the most exciting moment in his hectic career. He fell in with a group of rich men who were off for Monte Carlo. He permitted them to witness as is the shark's custom until the boat was two days away from Southampton.

Then he planned the big stroke. It was a poker game—table stakes and more than \$50,000 was in the pot. He had stacked the cards and all were to get big bluffs for a high play with his hand, of course, topping them. In the tense moment he made a slip that gave the big hand to a man across the table. He was the man who had cut the cards and handed them to the dealer.

The Sea Wolf suddenly drew back his chair. "Gentlemen," he said, "we have a cheater in this table. The cards were stacked when they were handed to me. It is an old game. You will find we each have high hands, but his is the highest." There was a scene, and the cards were turned face up. The innocent man was found to have a straight flush—the highest hand. And before the time docked he was a suicide in his state room.

Up in Lincoln Square is a bird hotel that is conducted by Miss Virginia Pope. For twenty-two years she has lived among birds and she has accommodations for 500. She has heard them, taught them to sing in tune and mended their broken

legs and hearts. Her most expensive bird is a \$1,000 Malacca cockatoo, as vain as a motion picture actor. Miss Pope says the cockatoo is the most affectionate of all birds and the black crow is the most obstinate.

The head porter in the large New York hotel receives perhaps the highest pay of any employee. It develops that in one hotel the head porter has a larger income than the managing director. Their income is derived mostly from gratuities in making railroad and steamship reservations. One head porter has a ten year contract with the hotel where he is stationed. He does not receive any pay and yet he owns a town and country home and spends two months abroad each year. He came to America from Ireland and learned to read and write while he was a bell-boy. ## Doc Koko's KOLUM

The Cave Man

"Mrs. Wetherbee decided where they should live, what kind of furniture they should buy, what plays they should see and where the seats were to be, those names and schools for the children and the friends of the family, planned their recreations, selected the Mr. Wetherbee's suits and neckties, and spent all the money."

Then the cave-man spirit flared up in Mr. Wetherbee, and only once. "But listen, dear," he said. "Then the flame of the cave-man spirit burned out."

Take Notice

Some chaps go whizzing along the street. With noisy cut-outs snorting. And running here and there. Like some mad bull cavorting. It seems they cannot learn to know. How sensible people feel. That the bigger the noise at the muffler.

Futurity Spender

"Buying an automobile on the installment plan is a terrible strain," remarked the impetuous citizen. "It certainly is. How many installments have you paid on your car?"

Propaganda

"I see they're going to get after the home brewers." "Don't you believe it. That's just bootlegger propaganda." —New York Sun

## THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

SAUL IS DECEIVED

JONATHAN begged Saul not to harm David, telling him he had never done evil to him, but all that was good. Saul promised and David came back. David fought the Philistines with great slaughter and they fled. Again the evil spirit came upon Saul and he sought to kill David, who escaped. Saul sent messengers to David's house to slay him. Michal let David down through a window and laid an image in his bed, saying that he was sick. Saul told the messengers to return and bring David in his bed so that he might slay him. They found they had been deceived.

## IF YOU ARE WELL BRED

You will remember that a woman traveling alone dresses inconspicuously. A dark gown or suit is most appropriate and jewels and picture hats are decidedly out of place.

Likewise, a woman conducts herself with dignity and a certain aloofness. While it is permissible, on long trips, for fellow passengers to become friendly, one's conversations with strangers should be impersonal.

## KNIGHT CHALLENGERS REFUSED ADMISSION

CINCINNATI, O., August 8.—(By the Associated Press)—Judges of election in 68 voting precincts were at variance in their interpretation of the decision yesterday of Judge Fred L. Hoffman, when witnesses and challengers purporting to represent C. L. Knight, gubernatorial candidate in the Republican primary, presented themselves last night and this morning. In only three cases were the Knight representatives refused admission last night. According to telephone reports received at the Knight headquarters this morning, however, election officials in 12 other precincts changed their minds over night and refused the Knight representatives admission when the polls opened.

The law requires that prospective witnesses and challengers for the city precincts present themselves to the judges of election at the voting precinct places the night before election, present their credentials and receive authority to act.

## Dickey Opposed To Placing Wet Amendment On Ballot

COLUMBUS, O., August 8.—(By the Associated Press)—Formal protest placing the proposed light wine and beer amendment to the state constitution on the November election ballot was filed today with the secretary of state by C. L. Dickey, of Columbus, as a taxpayer. The petitions calling for submission of the amendment were filed with the secretary of state late yesterday.

The protest declares that the amendment is an attempt to amend the United States constitution by amending the Ohio constitution which is declared to be a "clear nullification." It also declares that by being in conflict with the 18th amendment and the Volstead enforcement act, it can have no legal effect and its submission to the voters would entail an unnecessary expense.

## Garment Makers Shot In New York

NEW YORK, August 8.—(By the Associated Press)—Six men and a little girl were shot, one of the men probably fatally, late today by four occupants of a big blue touring car which drove swiftly through lower Second avenue. A score of automobiles gave chase as the assailants' car sped away.

All but one of the injured were standing in front of Beethoven Hall on Fifth street, just off Second avenue. When the gunmen drove up and opened fire. The hall recently has been used by striking cloak makers, and most of the wounded were said to have been garment workers.

Police reserves were called out to handle the crowd, which attempted to stop the car. The crowd had to be dispersed before the wounded could be treated at an investigation started by the homicide squad.

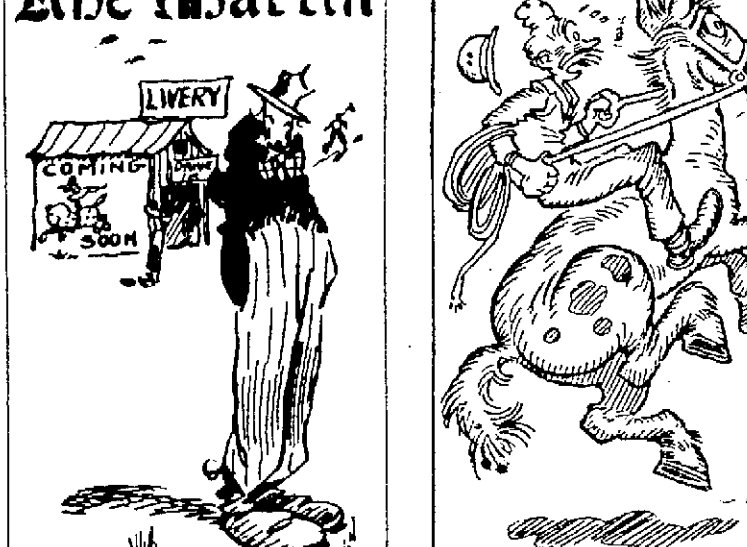

After prolonged questioning, the police learned that four men were seen to enter a large blue touring car near the Bowery. They rode to Second avenue, where three of their number got out and walked ahead of the automobile.

Two men walking along Second avenue started to run at the approach of the trio. As they did so, the gunmen drew revolvers and fired. Both men fell to the ground.

## U. S. Marshal To Make Headquarters In Columbus

CINCINNATI, O., August 8.—(By the Associated Press)—U. S. Marshal Devaney left for Columbus today, where he will make his headquarters for a while. The action was taken, he said, primarily because U. S. District Judge John E. Sater had returned to that city and would take care of all federal court matters in the entire southern district of Ohio during the absence of Judge Peck, who has gone to Michigan on a vacation. Devaney also intimated that his presence in Columbus would place him in closer touch with railroad centers in the district, where shopmen were on a strike and at which the court injunctions are in force. A number of alleged cases of violation of the injunction are set for hearing before Judge Sater on August 17. Marshal Devaney has authority from U. S. Attorney General Harry M. Daugherty to employ special deputies for assignment at the strike centers, but he has been unable to get the right kind of men for this work, he says.

## CLERKS COMPLAIN ABOUT ASSAULTS BY GUARDS

CINCINNATI, O., August 8.—(By the Associated Press)—The question Grand President E. H. Fitzgerald, of the Brotherhood of Railway Clerks, desires to take up with President Harding is one that could not be referred to the railroad labor board, as it concerns alleged assaults by armed guards on railroad clerks and other interference. It was said at international headquarters of the brotherhood.

Mr. Fitzgerald left Cincinnati for Washington before receipt here of a telegram from the White House announcing President Harding's suggestion that all matters in connection with the strike be referred to the federal railroad labor board. The belief was expressed at headquarters here that President Harding would meet the clerks' committee today in connection with committees from other organizations not directly concerned in the strike.

## NOT TO MAKE SEPARATE AGREEMENTS

WASHINGTON August 8.—(By the Associated Press)—The shop crafts committee of the Southern Railway system and the Mobile and Ohio Railroad, meeting with railroad officials here today, advised these officers that they will not make any adjustment of the strike with the Southern or the Mobile and Ohio as the strike is national and must be settled nationally.

## SHARP DIVISION OF OPINION

NEW YORK, Aug. 8.—Telegrams summoning the heads of 148 railroads to New York Friday to frame the reply of the Association of Railway Executives to President Harding's second plan for settlement of the shop crafts strike were dispatched today by Robert S. Binkerd, assistant to T. Dewitt Cuyler, president of the Association.

A sharp division of opinion between eastern and western carrier chiefs toward the president's suggestion for putting the question of solidarity for the strikers directly up to the railroad labor board, appeared in railroad circles today.

## Germany Says French Action Illegitimate

BERLIN, August 8.—(By the Associated Press)—The German cabinet after discussing the French "retortions" now being enforced for Germany's failure to promise payment in full of the pre-war private debts owing to Frenchmen, voted to issue an informal statement condemning President Poincare's procedure as illegal, especially in its relation to the Versailles treaty and the Franco-German agreement concluded at Baden concerning titles to private property.

No official counter demonstration or formal protest is planned for the time being as the government is apparently desirous of awaiting the outcome of the allied discussions in London.
